

**Dear Board Member and Association Partner:**

Governor Crist has just signed a second priority issue for FJRI today: The Slip and Fall reform bill (H.B. 689). (Please note Governor Crist's letter to Secretary Browning that makes reference to both our priority TPAC and Slip and Fall bill - see attached.) As you are aware, this has been a priority piece of legislation for FJRI for the last five years. This new law will restore fairness for business owners without forfeiting sound protections for those that are injured.

As some of our state's most influential business leaders, I strongly encourage you to contact all of these lawmakers and thank them for showing a commitment to fairness for business owners and for having the courage and conviction to ensure the passage of this legislation.
